ORGANIC MEDJOOOL DATES

WHO WE ARE

In 2020, "Zorganika," a company founded in 1985 and specializing in the cultivation and production of dates, approached **Abdul Aziz** with an offer to purchase the struggling company. Leveraging his expertise in investment and calculated risks, Abdul Aziz decided to acquire Zorganika. He successfully restructured and developed its operations, turning it into a producer of premium organic dates.

Today, the company, rebranded as "AzizDates," owns 650 dunams of palm orchards in the Jordan Valley and operates a state-of-the-art date packaging and processing facility. Despite having little experience in agriculture, especially palm cultivation, Abdul Aziz showed remarkable persistence in developing the project, transforming the company into a leading producer of premium organic dates. Over time, Abdul Aziz's sons, **Omar and Abdullah**, continued the legacy, guided by the values and principles instilled in them by their father. "**AzizDates**" today is more than just a company; it is a testament to Abdul Aziz Saadiya's vision and legacy of turning challenges into opportunities, making it a symbol of quality and excellence in the organic date industry.

ORGANIC MEDJOOI DATES

Benefits of Organic Medjool Dates

Benefits of Organic Medjool Dates

1. Chemical-Free Nutrition

Grown without pesticides, herbicides, or GMOs.

No artificial preservatives or sulfites.

Safer for long-term health and better for the environment.

2. Maximum Nutrient Retention

Being raw means they're unheated and minimally processed, preserving:

Enzymes that aid digestion.

Vitamins (like B6, K) and antioxidants.

Minerals (potassium, magnesium, iron, copper).

3. Superior Antioxidant Power

Raw and organic dates contain higher levels of polyphenols and other antioxidants.

Help combat inflammation, cell damage, and support brain health.

4. Excellent for Gut Health

High soluble fiber content encourages:

Regular bowel movements.

A healthy gut microbiome.

Lower risk of digestive disorders.

5. Heart and Energy Booster

Rich in natural sugars, but with a low glycemic index.

Great for sustained energy and stable blood sugar levels.

Potassium and magnesium support healthy blood pressure.

6. Environmentally Friendly

Organic farming practices protect soil, water, and biodiversity.

Ideal for eco-conscious consumers.

VITAMINS IN DATES

Dates contain 6 essential B vitamins:

Thiamin

Niacin

Riboflavin

Biotin

Vitamin B6

Pantothenic Acid

MINERALS IN DATES

For a 40 gram serving of dates, there are 7 minerals consisting of:

Potassium

Manganese

Copper

Zinc

Magnesium

Calcium

Iron
